

# **An eCQM Leap: POM's Strategic Transition into the Future**

[www.medisolv.com](http://www.medisolv.com)

# Today's Presenters

**Tate Rugenstein**

*Senior Manager, Business Planning*  
**Physician Organization of  
Michigan ACO**

**Mary Margaret  
Dunneback**

*Supervisor of Operations*  
**University of Michigan Health –  
Sparrow Care Network**

**Ken McCormick**

*EVP, Client Services*  
**Medisolv**

**In this webinar  
we will:**

# Agenda

- CMS APP Requirements Overview
- eCQM Implementation Strategy And Execution
- Lessons Learned
- Next Steps for POM
- Questions

One vendor for your regulatory reporting, value-based care, and population management solutions and services on an **award-winning quality measurement platform** that is integrated with provider data systems

**Founded:**

1999

**Headquarters:**

Columbia, MD (Suburban DC)

**Market Served:**

Hospitals & Health Systems  
Providers/Clinicians/Provider Organizations  
Federal & State Government  
Quality Reporting Organizations  
Payer Organizations

# Physician Organization of Michigan ACO Overview

**6** Provider Organizations

**77** TINs

**1,101** Practices

**~6,800** NPIs (Eligible Clinicians)

**500** NPIs in more than 1 TIN

**40** Unique EHRs

**55,000** Beneficiaries

# **MSSP ACOs**

## **Regulatory Review**

# CMS Web Interface Transition

**2021**

- CMS establishes the APP Reporting Framework and announces the sunset of CWI measures.
- ACOs may submit CWI measures, eCQMs, CQMs

**2022**

- QRDA III vs. QRDA I file discovery.
- ACOs may submit CWI measures, eCQMs, CQMs.

**2023**

- CMS Announces the new Collection Type Medicare CQMs.
- ACOs may submit CWI measures, eCQMs, CQMs
- eCQM Incentive available.

**2024**

- ACOs may submit CWI measures, eCQMs, CQMs, Medicare CQMs.
- Last year for CMS Web Interface Measures.
- eCQM Incentive available.

**2025**

- **ACOs must submit eCQMs or Medicare CQMs.**
- CMS has proposed the removal of CQMs as a collection type under APP.
- CMS has proposed to keep the eCQM Incentive available.

# APP Measure Set: eCQMs/CQMs/Medicare CQMs

## 2024

Quality ID	Measure Title	Collection Type
001	Diabetes: Hemoglobin A1c (HbA1c) Poor Control	eCQM/CQM/ Medicare CQM
236	Controlling High Blood Pressure	eCQM/CQM Medicare CQM
134	Preventive Care and Screening: Screening for Depression and Follow-up Plan	eCQM/CQM Medicare CQM

# APP Plus Measure Set: eCQMs/Medicare CQMs

## 2025 Proposed

Quality ID	Measure Title	Collection Type
001	Diabetes: Hemoglobin A1c (HbA1c) Poor Control	eCQM/ Medicare CQM*
236	Controlling High Blood Pressure	eCQM/ Medicare CQM*
134	Preventive Care and Screening: Screening for Depression and Follow-up Plan	eCQM/ Medicare CQM*
113	Colorectal Cancer Screening	eCQM/ Medicare CQM*
112	Breast Cancer Screening	eCQM/ Medicare CQM*

*\*Note: CMS has proposed to remove the CQM collection type from the 2025 APP measure set.*

# APP Plus Measure Set: eCQMs/Medicare CQMs

2026 Proposed

Quality ID	Measure Title	Collection Type
001	Diabetes: Hemoglobin A1c (HbA1c) Poor Control	eCQM/ Medicare CQM*
236	Controlling High Blood Pressure	eCQM/ Medicare CQM*
134	Preventive Care and Screening: Screening for Depression and Follow-up Plan	eCQM/ Medicare CQM*
113	Colorectal Cancer Screening	eCQM/ Medicare CQM*
112	Breast Cancer Screening	eCQM/ Medicare CQM*

Quality ID	Measure Title	Collection Type
305	Initiation and Engagement of Substance Use Disorder Treatment	eCQM/ Medicare CQM*

*\*Note: CMS has proposed to remove the CQM collection type from the 2025 APP measure set.*

# APP Plus Measure Set: eCQMs/Medicare CQMs

2028 Proposed

Quality ID	Measure Title	Collection Type
001	Diabetes: Hemoglobin A1c (HbA1c) Poor Control	eCQM/ Medicare CQM*
236	Controlling High Blood Pressure	eCQM/ Medicare CQM*
134	Preventive Care and Screening: Screening for Depression and Follow-up Plan	eCQM/ Medicare CQM*
113	Colorectal Cancer Screening	eCQM/ Medicare CQM*
112	Breast Cancer Screening	eCQM/ Medicare CQM*

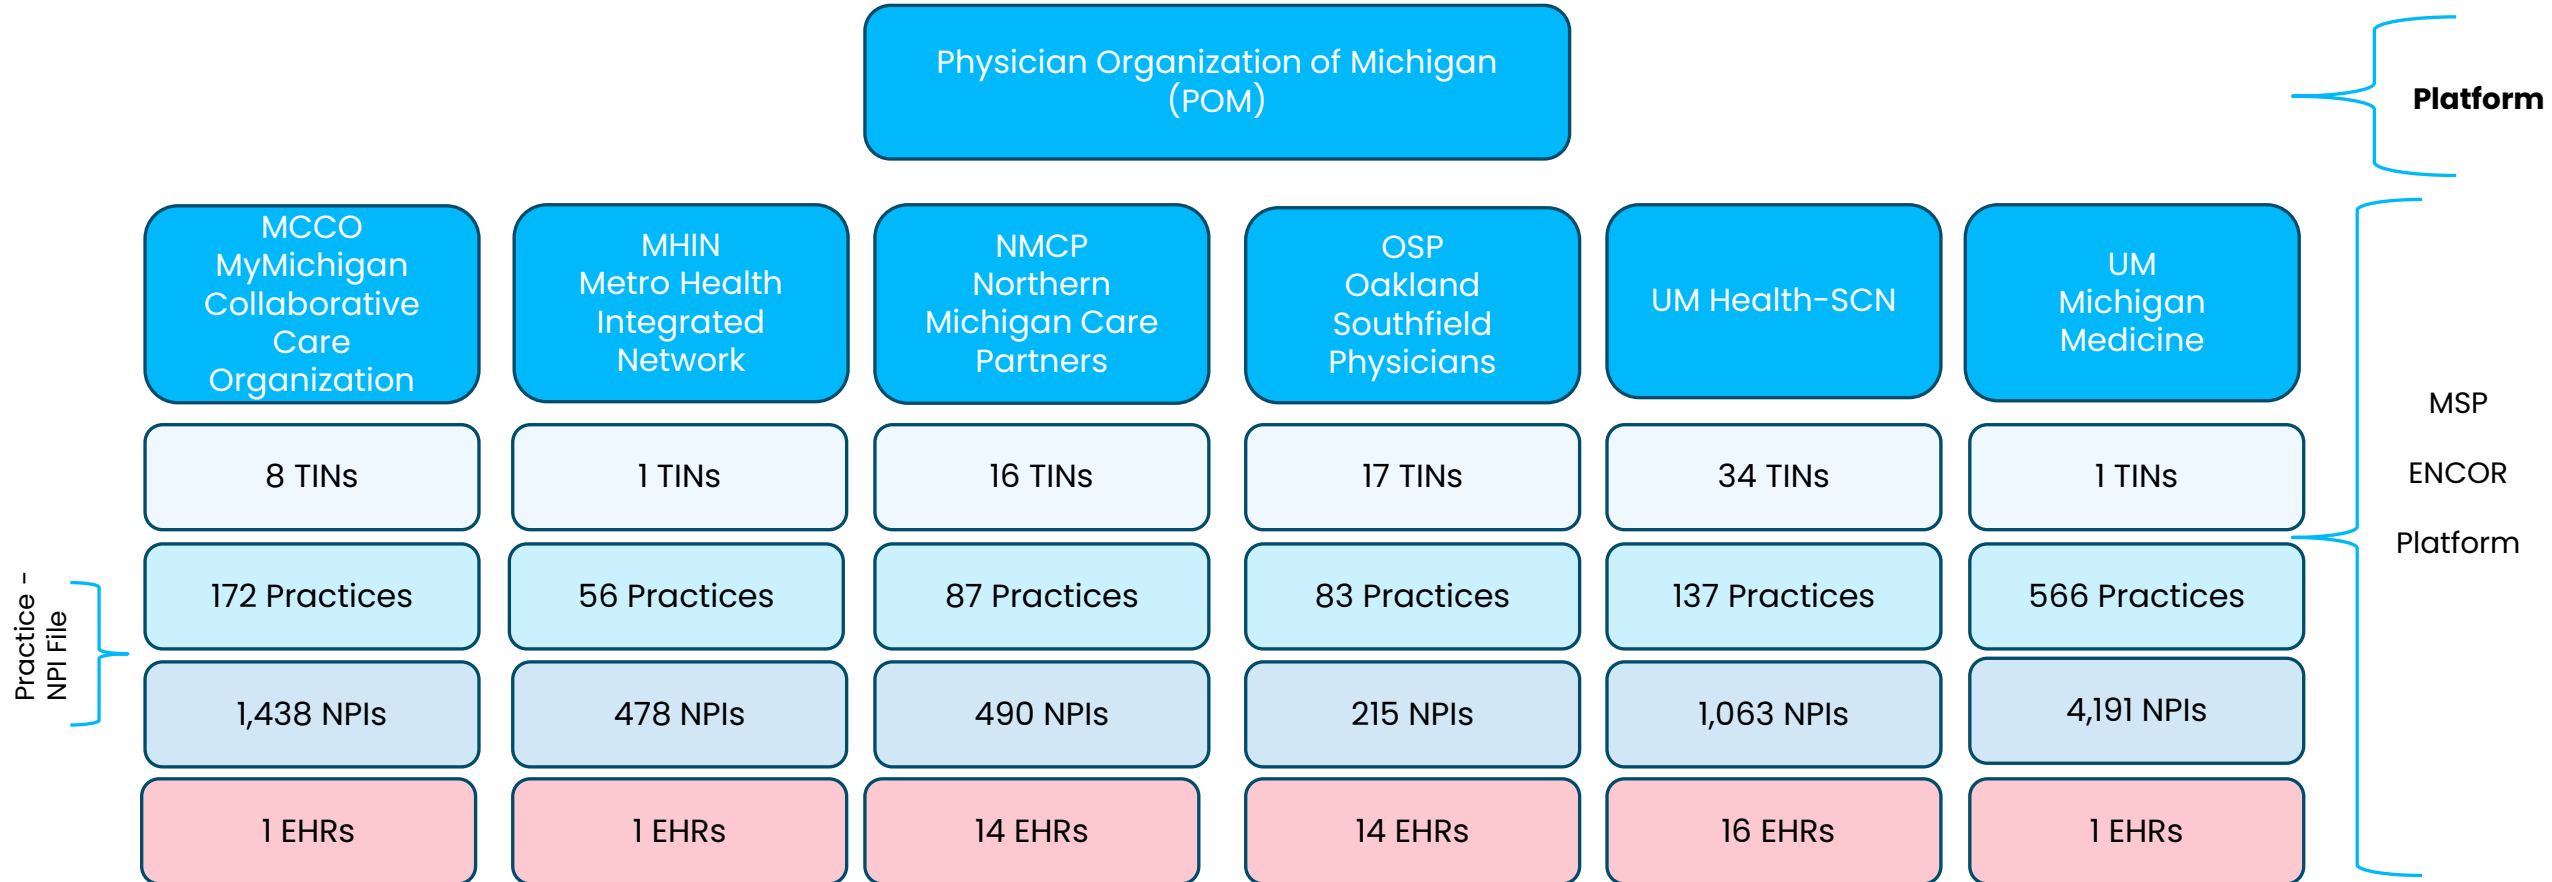

Quality ID	Measure Title	Collection Type
305	Initiation and Engagement of Substance Use Disorder Treatment	eCQM/ Medicare CQM*
487	Screening for Social Drivers of Health	eCQM/ Medicare CQM*
493	Adult Immunization Status	eCQM/ Medicare CQM*

*\*Note: CMS has proposed to remove the CQM collection type from the 2025 APP measure set.*

## Transfer Files Securely

Quickly and easily transfer your data directly to Medisolv using the Medisolv Submission Portal

Welcome to the Medisolv Submission Portal. Using our portal, you can easily and securely upload your data directly to Medisolv. Medisolv Submission Portal provides a safe mechanism to transfer PHI between your organization and Medisolv using end-to-end encryption. Meaning your data is encrypted both during transit and at rest. We use the industry best practice standards to transfer your data. So, rest assured that your data is safe with Medisolv. Let's get started.

# At A Glance

## POM has produced 423 QRDA I files

- MyMichigan Collaborative Care Organization 59
  - Metro Health Integrated Network 17
  - Northern Michigan Care Partners 118
  - Oakland Southfield Physicians 58
  - UM Health-SCN 86
  - POM UM - Michigan Medicine 85
- 
- **Largest QRDA I file contained 371k patients**
  - **We have received QRDA I files from 35 distinct EHRs**
  - **3m Patients**
  - **13m Encounters**
  - **67m Procedures**
  - **1m Labs**

# **eCQM Implementation Across a Multi-EHR Practice Environment**

# Implementation Strategy & Timeline

# Getting Started

## 1 Formed eCQM Workgroup

**Mission:** Successfully submit aggregated electronic Clinical Quality Measure (eCQM) data to CMS for PY25 during Q1 2026.

**Scope of work:** Technical development and submission of QRDA I files, development of tips and tricks for EMRs, guidance for clinical workflows, drive performance/goal achievement.

**Membership:** Chaired by Physician leader, assigned a project manager from ACO, each Provider Organization nominates three representatives comprised of a project leader, IT lead, and quality/abstraction lead.

**Decision making:** reports to ACO internal structure and BOM. eCQM workgroup is more functional in nature, however when decisions are necessary, PM will attempt to bring forward evidence-based recommendations for majority vote.

## 2 Identify Key Resources

### Resources to complete project tasks

- Leadership support
- PM/Admin Team facilitation and knowledge of work
- Provider organization direct involvement with SMEs and technical support
- Budgeted funding

## 3 Develop Project Plan

### POM eCQM project plan included:

- Environmental Scan
- Inventory of EMRs by TIN
- Expectation Setting
- Decision of Reporting Type
- Vendor Selection
- User Access Management
- Training
- Data Submission and Ongoing Management
- Report Dissemination
- Quality Improvement

# Initial Evaluation: What Will it Take to Use eCQMs?

## **Requirements**

- Review of CMS requirements

## **EHR Current State Assessment**

- What does the EHR landscape look like now?

## **EHR Capability Evaluation**

- What EHRs do we have in our environment?
- What EHRs are missing key functionality for eCQMs?

## **Reporting Requirements: CMS and Internal Stakeholder Requests**

- Frequency of data collection
- Frequency of data presentations to stakeholders

## **Establishing New Practice Participation Requirements**

- Update POM ACO's requirements for participation to reflect eCQM technical requirements

# Collaboration with Medisolv for Digital Solution

**Concept of implementing eCQMs was attractive and wanted the opportunity to submit both eCQMs and CWI. POM could learn from a first eCQM submission while still successfully meeting requirements through CWI.**

**Medisolv was chosen because of their ability to meet practices where they were at instead of demanding practices to invest money into other EMRs or upgrades.**

**Centralized Dashboard provided easy mechanism to review performance across multiple practices.**

# QRDA I Files Lessons Learned

# EHR Evaluation

**Which  
EHR can?**

Can it generate  
a QRDA I?

Is it CEHRT?

Do you have plans to  
switch EHRs in the next  
12 months?

# Addressing Implementation Challenges

1

## Not all EHRs can Generate QRDA I

- Troubleshooting with each practice
- Some EMRs charge for files
- Some EMRs don't meet POM's timelines for reporting to POM's system.
  - Only allow data pulls 1x/year

2

## Technical Errors and Mapping

- Needed engagement of technical leads, clinicians, quality leadership

3

## Handling Difficult Practice Conversations

- Ensuring a two-way dialogue between practice and ACO
- Accountability needed to ensure all participants meet requirements for reporting.

4

## Replacing Unstructured Data

- Understanding where data gaps exist to replace any unstructured data required for the measures.

# Keys To Success

All participants  
needed to Buy-In:  
Leadership, SMEs,  
Practices

Educational Initiatives  
for Staff

Long-Term Strategies  
for Digital Quality  
Improvement

# Next Steps

# What Comes Next

1

## **Compliance/Gaps in EHR Participation**

- 2025 CEHRT Requirements demand all practices be on CEHRT by July 1, 2025.

2

## **Opportunities for Improvement**

- Understanding the difference in data collection between CWI vs eCQMs and the difference in performance scores.
- Improving scores with frequent reviews and quality plans for measure performance improvement.

3

## **2024 eCQM Submission**

- Implementing the new required eCQMs (if finalized).
- Updating eCQM specs, validating measure performance, submission of eCQMs and CWI measures in Feb 2025.

4

## **Growing Culture of Trust**

- Fostering the culture of trust and understanding within POM.

# Best Practices

- Commit to climbing the mountain
- Get stakeholders involved
- Map out your milestones
- Complete inventory with every TIN/Practice/EHR
- Update your requirements for current and future TINs
- Begin testing QRDA capabilities now
- Partner with a vendor if possible
